Hock System Approved.

The printed schedules furnished by the Government to the Supervisors of Censos, to be issued by them to the enumerators in their districts, make no provision for the block system being used, and Supervisors (Censos) to be issued by them to the enumerators in their districts, make no provision for the block system being used, and Supervisor (liggins has han all the forms and schedules which will be used in St. Louis stanged with the headings and instructions which are necessary for the pursuance of his excellent idea. Mr. Higgins has also arranged to supply all the consertators in his district, at his ewn expense, with bottles of made-two-order ink, of uniform color, thereby insuring that a good ink will be used and that it will all look alike. In some of the outlying districts of the city where there are no block numbers.

The taking of the conses, as has been stated, begins on June 1. It must be completed in afteen days, and there are two Sundays within the time limit on which the Government does not expect any work to be done. The force of the supervisor of the Same apeed as Namen, it would have started toward the magnetic pole or Hudson's Bay standard within the same speed as Namen, it would have taken him all of the summer to reach a summer to reach a summer to reach a summer to reach a summer to reach the summer to Simplys within the time limit on which the Government does not expect any work to be done. The force of the supervisor of the St. Louis district will consist of 42 cnumerators, it would district will consist of 42 cnumerators exch day will be inspected by special inspectors to make certain that the same general plan is followed by all, and that the schedules submitted conform exactly to the rules to be followed under the block system.

There are about 2,000 applicants for postitions as census enumerators in this, the Eleventh Missouri. district. Within the next few days all the appointments will have been made and the men will receive their final instructions as to their dates. Mr. Higgins will receive next week applicants from various wards and they will be instructed as to the ditties of a census enumerator, the emclaments attached to the office and the require ments. When all these classes have been examined and instructed the appointments will be made and the made and the oath of file and the require ments. When all these classes have been examined and instructed the appointments will be made and the oath of file and the requirements. When all these classes have been examined and instructed the appointments will be made and the oath of file and this street.

Buttes of Enumerators.

When on June 1 the census enumerators a out to their work they will be armed countries following: A street book contain-ing printed instructions in which he will Ing printed instructions in which he will make a record of all the buildings visited by him, requiring him to canvass his district by blocks, starting at one corner of each block and before leaving h go through and around the block keeping to the right, going in and out of any court or alley that may be included in it until the point of starting is reached, a book of general and practical instructions. A basics starting her starring is reached, a book of general and special instructions, a badge showing him to be an agent of the Government in the census commeration; a perifolo, two sets of daily report cards to be mailed each day to the supervisor of his district and the Director of the Census; schedule No. I, first form, relating to population, schedule No. I, second form, relating to Indian population; schedule No. 2, relating to garriculture;

of person whose place of abode on June 1. 1999, was in this family; relation of the person to the head of the family, color or face, wax, date of birth by month and year airs at last hirthday, whether single, married, widowed or divorced, number of years married, mother of how many children, humber of those children living, place of birth of father and mother of each person, year of immigration to the United States, naturalization, occupation, trade or profession, menths not employed how many months attended school, whether each person can speak Employ, whether it is a farm or a house. This much information is to be assertained for filling out one schedule alone; there are other schedules and there are many other questions to be asked before the whole set of schedules can be filled out. It is a signatule undertaking, requiring of the men who will do the actual work the greatest degree of accuracy, patience, executive ability and discretion.

Sportvior Hinglins said to The Republic I am determined to make the next estagnity and satisfactary we have ever had in St. Louis, and the most complete of all the cities in the United States. It is my ambitten to get on our schedules every man, woman and child who in the city on June I, and to pains will be sported to carry out this plan. I have seenab blanks which will be sent to pains will be sported to carry out this plan. I have seenab blanks which will be loved to everloseke or masced in the enumeration. We are substitute which will be used by the enumerator. They will be thoroughly instructed and difficult in their work before they start out. They will be thoroughly instructed and difficult in their work before they start out. They will be leaved by the enumerator. They will be large and complete ceasin. WILL BE TAKEN. Supervisor Higgins Prepares Plans DUTIES OF THE ENUMERATORS.

Task Requires Energetic, Accurate, mmen has been accomplished in making rolls around, or, as Jerome S. Higgins.

S order of court separated the mother from parts of the tower.

her daughter until the latter is 18 years With the birds ha daughter twice a month at the home of

Doctor Edwards, her husband's father. Mrs. Edwards has been separated from her husband since 1898. He was a resident of the Republic of Mexico and his bustness kept him away from home much of time with her sister in the Indian Territory and part of the time in Texas. At the time of the separation she was in

She applied for an order of court to give her custody of the child, who was in her possession. Edwards contested the proceeding and Mrs. Edwards, without waiting for the case to be decided, took the child and came to St. Louis, where her mother, Mrs. M. J. Smartwood, lives. Edwards followed and sought to get the

child by writ of habeas corpus, but Judge Spencer denied the writ. Edwards returned to Texas and obtained an order in the Texas court awarding him the custody of the child. He came back to St. Louis and appiled for another writ of habeas corpus.

Last June Judge Withrow awarded the custody of the child to Mrs. Edwards for a year. Last fall Edwards moved to have the child taken from his wife and given to his father, claiming that the child's education was being neglected. Mrs. Edwards had left the child with her mother, who lives at No. 3426 Pine street, and had gone to

spiracy to boycott the Unione in Butter.

Now he will have to pay dearly for it.

He has just been assessed the full costs in the injunction suit, brought by the Chinese against a large number of walk-

cials of Butte unions, and against mer-

chants charged with being in the conspir-

REPUBLIC SPECIAL.

She stated that she was afraid to send her daughter to school, for fear that the child would be taken away. Deputy Sheriff Gustav Pins yesterday ac-

companied Mrs. Edwards and her daughter to her mother's house, where Doctor Ed-wards called with a carriage. After Mrs. wards called with a carriage. After Mrs. Edwards had prepared her daughter for the fourney to Texas, she and her daughter and Dactor Edwards started in the carriage for Union Station, accompanied by the deputy. The parting of Mrs. Edwards from her daughter was deeply affecting. They clang to each other and wept until gently parted by the deputy, who led Mrs. Edwards to a cab, while the child was taken on the train by Doctor Edwards.

by Doctor Edwards, was dismissed, and she has filed another suit.

STRANGE BIRDS FLY TO DEATH.

Thousands of Them Killed by San Jose Tower.

REPUBLIC SPECIAL.

San Jose Cal., May 12—Local naturalists are deeply interested in the strange night beet of thousands of birds, not supposed to be necturnal in their habits, which have been noticed since the big electric light. been noticed since the big electric light species. tower was retiluminated after a lapse of several years. The singular thing about it wards and Jessie P. Edwards, have been is that birds that have never before been seen in this part of the country are abundantly in evidence, hundreds of them being ston of her daughter during the time. The killed nightly by flying against various

With the birds have come myriads of it old. The mother is allowed to see her seets of a dozen or more species; and it was at first supposed that they were responsible for the presence of the feathered tribes; but a number of the latter have been dissected and found to have nothing but seeds in their crops.

his time. His wife spent part of her heard in the air, indicating that thousands In the dead hours of night bird-calls are of them are flying above the city, and in the morning the payement around the foot of the tower is strewn with the bodies of those who have been dashed to death against the iron structure.

This section of the sidewalk has become the rendezvous for nearly all the cuts and dogs in the city, who gorge themselves nightly on the prey that literally fails at their feet. Because of this it is impossible to estimate the number of birds that are slain. The flights rarely begin before 2 in the morning, and are over before daylight. For the past week the weather has been damp, and the sky overcast, so that it eamp, and the sky overcast, so that it is impossible to see the wheeling flocks of birds; and their shrill cries sound wierd

Among the varieties that have been recognized among the bodies at the foot of the tower are doves, ortoles, finches, martins, swallows, small ducks and sparrow-hawks. Besides these there are at least fifty cles of small birds, from the size of an lish sparrow down, that have never before been seen in these parts. In former years, when the tower was in

and the costs were assessed against the

boycotters. Taylor was the only one of the defendants who was solvent, and was

exorbitant. In it were such items as \$3

a day for the services of the master, and per diem for seventy witnesses, many of

them for several days. Taylor claimed that

the master's charges were excessive, and that there were too many witnesses. He asked for a retaxing of the costs. This has

called upon to pay the court charges Taylor claimed that the costs bill

use, many ducks and geese were killed by flying against it during the spring and fall

hese contractions the phenomena up to the highest pitch, and it is expected that nat-uralists from the State universities will be invited here to investigate the matter. In the menutime the shuighter of the inno-cents continues; and the ladies of the Humane Society are circulating a petition to the city fathers to have the tower lights turned off.

ENGLISH HISTORY IN SCHOOLS.

A. O. H. Want It From Pens of American Writers.

Boston, May 12-The last act of the Ancient Order of Hilbernians just before Ancient Order of Hilbernians just before adjournment here was the adoption of a long series of resolutions. The present war in South Africa was alluded to at some length, and words of sympathy with the Baers were unanimously adopted.

The recent urterances of Lord Salisbury, in regard to the people of Ireland, were strongly condemned. The vote of the convention was with great unanimity against any alliance with Engiand or any other nation, and it also favored the introduction of English history, written by Americans, into the schools.

Drowned in Sabine River.

REPUBLIC SPECIAL.

Dallas. Tex., May 12.—Henry Womack
was drowned in Sabine River, near Laret,
last night, while bathing in the stream.
The body was recovered.

Modeless and Helpless.

The consequences of a diseased condition of the stomach and digestive and nutritive system are most disastrous to the whole body. One by one every organ may become involved. The misery is maddening. The most extreme cases of "stomach trouble" and the evils resulting from it have been cured by Dr. Pierce's Golden Medical Discovery. strengthens the stomach, purifies the blood and builds up the body with sound healthy flesh.

healthy flesh.

"I was taken with severe headache," writes Thomas A Swarts, Ber 102, Sub-Station C, Columbus Ohio, then cramps in the stomach, and my food would not digest, then kidney and liver trouble, and my hack got weak so I could scarcely get around. I just gave money to the doctors whenever I thought they would do me any good, but the more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of chair, and I got so thin I had given up to die, thinking that I could not be cured. Then I saw one of my neighbor boys and he said, "Take my advice and take Irt. Pierce's Golden Method Discovery and make a new man out of yourself." The first bottle heiped me so I thought I would get another, and after I had taken eight bottles in about six weeks I was weighed and found I had gained twenty-seven (27) pounds. I have done more hard work in the past eleven months than I did in two years before, and I am as stout and healthy to-day, I think, as I ever was."

LIGHTNING LEFT NO SCAR.

Queer Freak of a Deadly Bolt at Lincoln, Ne--

*

The suit was brought some years ago, and the matter of the costs has since been in litigation. The Chinese won the suits, things.

Great Falls. Mont. May 12—Several boycotters. Taylor was the only years ago, R. E. Taylor engaged in a conspiracy to boycott the Chinese in Butte.

Montana Court Assesses Costs Against One I

MUST PAY FOR A BOYCOTT.

Special Correspondence of The Sunday Republic. | quent. He was seen no more until his body Lincoln, Neb., May 12.—Perhaps as was found. Early in the morning he was Lincoln, Neb., May 12.—Perhaps as strange a freak as lightning ever played in dealing a death blow was that which ended the life of Paul Kobalter, a refrigerator heavy rubber helmet without hole in his heavy rubber helmet without searching the helmet, and entered his body after only singeing his hair and eyebrows. He fell on his face on top of the car, his lighted lantern still under his coat. In that position his body was found some hours fterwards, when the train was searched at

Kobalter had climbed on a front car of a long orange train from the West when it pulled in at 5 p. m. A terrific rainstorm a long orange train from the West when it pulled in at 9 p. m. A terrific rainstorm was raging, and lightning flashes were fre-caused by his fall.

missed, and when a search was made his rubber helmet was found near the tracks in the yards at Lincoln, a great hole in the top, as though it had been blown out. There was not a mark of a burn about the edges, and no sign of scorching. The conductor of the orange train was wired to at Pacific Junction, and he wired back that Kobalter's body had been found on top of a box car. It was lying face downward, left temple were slightly singed, but other-
